March 18, 2020

Clarendon CISD Family,

With the rapidly changing landscape caused by the COVID-19 (Coronavirus), we are continuing to monitor and make adjustments as necessary in order to make educated decisions for the students and staff of CISD. The health and safety of our students, staff, and community are our priority as we navigate this difficult time. Over spring break the custodial and maintenance staffs did a tremendous job of deep cleaning the facilities and will continue to practice specific cleaning techniques that will help in the prevention of spreading COVID-19.

As a precautionary measure, Clarendon CISD will not allow students to come back after spring break to their respective campuses. CCISD will deliver instruction to students in alternative manners that can include but are not limited to digital learning as well as instructional/homework packets. We must allow teachers time to plan in order to give our students the best education possible under these most difficult circumstances.

At this time, **Clarendon CISD will suspend classes from March 23rd - March 27th**. While students will be out of school on these days, teachers will use these days as in-service and planning times. All extracurricular activities and meetings will remain canceled for the district.

Food Service will still be available to students each day for breakfast and lunch. This will possibly be in the form of a grab-n-go meal. More information regarding food service for the upcoming week will be posted as information becomes available.

Please stay safe and continue to utilize best practices when it comes to your health and the health of others.

Respectfully,

Jarod Bellar
Superintendent
