

Good Afternoon,

I know everyone is busy trying to figure out our new way of teaching and learning while giving the students the best education we can. I just wanted to remind you all of our online databases and resources available through our school. You might take some time to browse through these and see if there is something you can use. We have access to databases, eBooks, and also some teaching resources. Here is how to access these:

From the school web page, go to Departments, and then to Library and Library Resources. From there, scroll down to Harrington Library Consortium and click on TexQuest. From there, you can access all our databases. Below are logins and passwords for them.

Britannica School, Gale, Learn 360, ProQuest, and Teaching Books can all be accessed with this:

Login- j065901
Password- learn

EBSCO can be accessed with:
Login-j065901
Password-learn19!

Also, we have access to other eBooks for JH/HS students through Follett. Here is how to access those:

From the school web page, go to Departments, and then to Library and Library Resources. From there, scroll down to Follett E Books. From here, the kids will have to have their 13 digit library card number and their PIN (if they do not have that information with them, I will be glad to get it to them). Teachers, just send me an email with a list of students that need that information and I will be glad to help out and get those for you.

Let me know if I can help you with anything or if you have any questions.

Wishing you Awesome Teaching and Great Student Learning,
Buffie Smith, Librarian
