October 12, 2020

Saturday evening we were notified that a lower elementary grade level teacher had a presumptive positive test for COVID-19. Due to precautions taken while in class, we feel like your students will be able to return to school on Tuesday as normal. If your child is in that grade level, you should have been or will be notified by the campus principal. We do encourage you to keep a close eye on your child and continue to model good hygiene practices such as handwashing and using hand sanitizer. If your child does exhibit, any symptoms related to COVID-19 we encourage you to consult a physician. We will also continue to disinfect and sanitize hard surfaces in and out of the classroom and around campus as well as model good handwashing and sanitizing practices for the students. Right now grades 5-12 are the only grades required to wear masks during the day, but younger grade levels are more than welcome to wear masks as well. We feel as though we have had great success in mitigating the spread of such an unpredictable virus and will remain vigilant in our practices to prevent the spread and ultimately any closure to a campus or the district.

Thank you for your support and assistance in this matter. We appreciate you allowing us to educate your children.

Respectfully,

Jarod Bellar
