October 8, 2020

Late this afternoon, after school, we were notified that an elementary grade level might have been exposed to a positive COVID-19 case. Parents of the students in that particular grade level were contacted and asked to quarantine their student until we could gain more information and provide more details to them for the safety of all students. We hope those students are able to return as quickly and as safely as possible.

Although this can be challenging and even inconvenient, this will allow us to keep our campus open and operational while, only quarantining those deemed to have been in close contact with an infected individual. We are still committed to providing quality instruction to any students while in quarantine. We have the capabilities as well as the staff to continue to serve the students of Clarendon CISD and provide a great education.

Thank you for your support and assistance in this matter. We appreciate you allowing us to educate your children.

Respectfully,

Jarod Bellar
