Ms. Stormy McAnear	

Student members attending included:

Jentrye Bellar	Reagan Wade
Kaitlyn Davis	Riley Wade
Graci Kidd	Rustin Wade

1. CALL TO ORDER & AGENDA

President Debbie Thompson called the meeting to order. All were welcomed to the meeting. Appreciate for participation was offered during this busy month.

2. NEW BUSINESS

2.1 SHAC DEFINITION

Minutes of the December 9, 2021 Meeting of the School Health Advisory Council (SHAC)

Debbie explained the purpose and scope of the School Health Advisory Council.

2.2 ELEMENTARY PLAYGROUND

The playground equipment is in need of updating. Ways to raise money for the upgrades were discussed. A color run was an option and will be discussed in full at the next meeting.

2.3 SUMMER NUTRITION PROGRAM

Debbie called upon Sarah Emerson to report on the Summer Nutrition Program. Sarah reported the District would like to submit a request for waiver for participation. The Texas Department of Agriculture mandates public school authorities in the National School Lunch Program to operate a Summer Nutrition Program to provide meals to students in need during the summer months.

Sarah explained that the students that would utilize this program live outside the 2 mile radius of the school and they do not have access to public transportation. The burden of traveling to the school for lunch is too great for the students. They would have to cross railroad tracks and Highway 287 in many cases. Because of these limitations, our district qualifies for the waiver.

These students will be given a number to call for information on local free lunches.

A motion was made by Debbie Thompson to approve the request of waiver. Anndria Newhouse seconded the motion and it was approved unanimously.

2.4 SCHOOL WELLNESS POLICY

Sarah presented the committee members with the Triennial Assessment of the Local School Wellness Policy. The current goal being to encourage parents and students to participate in some sort of physical activity outside of school.

Future goals were discussed to encourage the faculty of Clarendon CISD to implement these habits as well. Healthy nutrition and wellness should be encouraged by all within the school.
