Private Non-Profit (PNP) Schools and Equitable Services Local Education Agency’s (LEAs) or school districts who receive federal funds are required to provide equitable services for eligible school children, teachers, and other educational personnel at registered private non-profit schools that desire to participate. The term “equitable services” refers to the process of providing students, teachers, staff, and families at eligible PNPs fair access to federally funded education programs and services as appropriate. Educational services or other benefits, including materials and equipment, provided under this section, shall be secular, neutral, and non-ideological. Among other requirements, the process depends on a “timely and meaningful consultation” between ISD officials and those of eligible PNPs. If you operate a private school and would like to determine if your school qualifies for equitable services and/ or to schedule a consultation for the 2022-2023 school year, please contact Jennifer Bellar, the Director of Special Programs, bellar.jen@clarendonisd.net by July 21, 2022.
